Party Pack

Boogie Pumps parites are all about having fun and delivering a sucessful party requires lots of ENERGY and SPARKLE.

Don't worry, our enterainers have a whole lot of that!
Your BP Party will be filled with timeless party games such as musical bumps, musical statues, musical corners, parachute games and of course.... lots and lots of dancing!

We know that each child is unique, so that's why at Boogie Pumps we aim to create an unforgettable party based on what your child loves. We can take thair favourite games, actvities & songs, mix them together with some BP magic and make it a party to remember.

Here are some answers to questions we get asked regularly, we thought it would be helpful to note them down in here to help the day run smoother & stop those niggling thoughts in the middle of the night!

What's the difference between a Dance and a Disco Party?

A Dance Party consists of non stop high energy dancing & games. We master different tricks & skills as well as learning a routine! If requested we can even do a little performance of the dance for recording or to the parents!

A Disco Party includes our full lighting display & the party plan can be tailored however you'd like. We can accommodate more 'free' dancing time with sheduled games & activities throughout. It can be as relaxed or structured as you like!

The children are coming for 2 hours and I've booked an hour's party.. When is the ideal time to have the boogie pumps team?

We love to see the look on your guests faces when they arrive to our music pumping & lights flashing! We recommend mentioning to your guests that the party starts promptly at whatever time you've given. This way our entertainers can start the party off with a bang.

When's the ideal time to serve food?

We recommend a split party, this way you can serve the food after 45 minutes then we can continue the party after and take the stress out of your day. Taking a pit stop for food allows the children to refuel before our team continue with fun & games. We want everyone to leave our parties with smiles on their faces! This also means you as hosts don't have any additional time to fill at the end of the party.

Should I get something extra like a bouncy castle or a face painter?

Of course this is totally up to you however, even Father Christmas would struggle to win over a crowd over large inflatables. If you do feel passionate about having multiple entertainment options we ask that they happen after our BP set.

Do you bring your own equipment?

We provide all sound equipment, lighting equipment, playlist & props. Our BP entertainer will be entirely self sufficient, leaving you free to enjoy the party!

Disco Party Set Up

Do you help/recommend hall hire?

Unfortunately we do not get involved in this section of the party planning. It is up to you to find & book your preferred venue. We suggest church, village & community halls!

TIPS FROM US TO YOU:

- Don't have the children for more than 2 hours (you might live to regret it)
- If parents stay please ask them to sit at the side and to keep the noise to the minimum, sometimes lots of extra noise can be distracting for our budding performers.
- If you have us for an hour, then serve food you'll need a couple of games before the parents pick up your guests, games such as pass the parcel and a pinyater hold childrens interest really well.
- Remember you will need a little speaker for once our team have packed up if you are not taking the split party option.
